RE: RallyX Americas Tire Pricing

Yokohama Tire will supply tires to the RallyX Americas Hypercar and Supercar classes. This memo announces pricing for the 2026 season. The at-track tire price (excluding applicable local and state taxes, and a \$2 disposal fee for California only) is outlined on the next page. Cash, check, credit card, and wire transfer are accepted. Please ensure sufficient funds are available when paying by check; checks returned for insufficient funds will result in the refusal of future check payments for tire orders.

TrackSide Performance will be on-site for tire sales and tire mounting at all RallyX Americas events. Hours of operation will vary with each event schedule. While at the track, please place tire orders through the TrackSide Performance mobile app prior to dropping off tires and wheels at the service trailer. Refer to the Yokohama Tire Ordering Memo for details. Prior to drop-off, please ensure all wheel weights are removed, valve cores are removed, center caps are removed, and that the car number and App REQ # are clearly marked on each tire and wheel.

The RallyX Americas tire price list for the 2026 season is provided on the next page. To support cost control for teams, no tire mounting fee will be charged at RallyX Americas events.

Tires ordered off-site will be priced at the at-track rate, plus shipping and applicable taxes based on the delivery location. Orders will ship within 48 hours of placement.
